In re Application of :
Aviani et al. :
Application Number: 09/875543 :
Filing Date: 06/06/2001 : ON PETITION
Attorney Docket Number: 100308 :

This is a decision on the petition under 37 CFR 1.137(b)¹ filed on November 19, 2008, to revive the above-identified application.

The petition is GRANTED.

The application became abandoned on June 25, 2006, for failure to timely submit a proper reply to the final Office action mailed on January 24, 2006, which set a three (3) month shortened statutory period for reply. On March 22, 2006, an amendment after final rejection was filed. On April 21, 2006, an Advisory Action Before the Filing of an Appeal Brief was mailed, stating that the proposed reply failed to place the application in condition for allowance. On June 30, 2006 (certificate of mailing date June

¹ Effective December 1, 1997, the provisions of 37 CFR 1.137(b) now provide that where the delay in reply was unintentional, a petition may be filed to revive an abandoned application or a lapsed patent pursuant to 37 CFR 1.137(b). A grantable petition filed under the provisions of 37 CFR 1.137(b) must be accompanied by:

(1) the required reply, unless previously filed. In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In a nonprovisional application filed on or after June 8, 1995, and abandoned for failure to prosecute, the required reply may also be met by the filing of a request for continued examination in compliance with § 1.114. In an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof. In an application abandoned for failure to pay the publication fee, the required reply must include payment of the publication fee.

(2) the petition fee as set forth in 37 CFR 1.17(m);

(3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The Director may required additional information where there is a question whether the delay was unintentional; and

(4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c)).

26, 2006), a Pre-Appeal Brief Request for Review was filed, along with a two (2) month extension of time and the fee for filing a Notice of Appeal. However, no Notice of Appeal was filed. Notice of Abandonment was mailed on April 10, 2008.

It is not apparent whether the person signing the statement of unintentional delay was in a position to have firsthand or direct knowledge of the facts and circumstances of the delay at issue. Nevertheless, such statement is being treated as having been made as the result of a reasonable inquiry into the facts and circumstances of such delay.² In the event that such an inquiry has not been made, petitioner must make such an inquiry. If such inquiry results in the discovery that it is not correct that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional, petitioner must notify the Office.

The above-identified application has been abandoned for an extended period of time. The Patent and Trademark Office is relying on petitioner's duty of candor and good faith and accepting the statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.³

Petitioner has filed a Request for Continued Examination (RCE), and an amendment as the submission required under 37 CFR 1.114.

This application is being referred to Technology Center Art Unit 2143 for further processing.

Telephone inquiries concerning this matter may be directed to the undersigned at (571) 272-3231.
